<b>PICKET RAILS</b>	1" aluminum pickets 3 ½" spacing between pickets 4 ½" on-center
<b>HARDWARE</b>	Stainless steel, color-matched powder coated screw tops
<b>FINISH</b>	Extremely durable, baked enamel finish

## Notes

**FIRE RATING:** non-flammable

**COLORS:** Antique Bronze, White, Mocha; baked enamel finish prevents colors from fading or 'weathering'

**COOL TO THE TOUCH:** 6005-T5 marine grade aluminum provides high thermal conductivity meaning the handrails will stay cool to the touch – even in direct sunlight

**PRE-ASSEMBLED RAIL SECTIONS:** includes handrail, bottom rail and 1" pickets; horizontal and angled sections are available in 2' / 4' / 6' / or custom lengths

**CARE & CLEANING:** no painting, sealing or staining; railing may be washed as needed with water and mild soap – do not use acidic or abrasive cleaning solutions

**DURABILITY:** meets AAMA 2603.02 and National Safety Standards & Codes
